EXPERIENCE AND PROJECTS

theYukt • Founder & CEO ([Link](#))

(02/2025) - Present

- Founded **theYukt**, a full-service project development platform that connects clients with vetted teams for web, app, UI/UX, and custom software solutions.
- Led the design and development of the platform's front-end, delivering a seamless, responsive, and user-centric experience using React, HTML, CSS, and JavaScript.
- Handle end-to-end execution of all projects, including financial management, client communication, team coordination, and quality assurance.
- Directly manage project budgets, quotations, invoicing, and team payouts while maintaining strong relationships with both clients and collaborators.

Google Developers Group • Sr. Developer

(08/2024) - Present

- Built and improved GDG's website using HTML, CSS, and Tailwind CSS.
- Helped members solve frontend issues and contributed to real-world projects

KG Image Limo • Dispatcher

(05/2024) - Present

- Coordinated dispatch schedules, ensuring timely deliveries and minimizing delays.
- Streamlined driver-client communication for efficient operations.
- Managed real-time tracking and resolved logistical challenges proactively.

StarkSeek • Front End Developer ([Link](#))

(11/2024) - (02/2025)

- Utilized React to develop dynamic and interactive user interfaces for StarkSeek's platform.
- Gained hands-on experience in building modular and reusable components to enhance development efficiency.
- Improved skills in state management and handling API integrations within the React ecosystem.
